Dear Ms. Bacon:

This is submitted in response to the Request for Information dated August 31, 2006 referencing the Amended April Quarterly Report for the period January 1, 2006 through March 31, 2006. I have amended the report to clarify the description for the referenced expenditures. As set forth in the amendment, these expenditures were for office supplies, AFC events, and/or the purchase of holiday gifts and baskets for donors, volunteers, and political consultants.

In my recent discussion with you regarding what specific information was needed by the Committee, you informed me that we needed to add more specificity to the description of the disbursement in the appropriate field of the report. As explained in this letter and as detailed in the amended report, all disbursements were legitimate campaign-related expenditures.

In reviewing each item, we discovered one mistaken disbursement. As the result of an accounting oversight, one disbursement in the amount of \$78.20 was erroneously included in our report. This was not a campaign related expense and the Committee was reimbursed for this expense as soon as the error was discovered. The reimbursement to the Committee is referenced in the amendment as well as the October Quarterly Report soon to be filed with the FEC.

This accounting error is unique as the Committee takes every measure possible to ensure that expenditures are validated by the Candidate as campaign-related expenditures. This accounting oversight was due to a mix-up in the use of a credit card. The Committee will take further precautions in its review of expenses to ensure that this type of oversight does not reoccur. We apologize for any inconvenience this has caused the Committee.

Sincerely,
Christina Morales, Treasurer
Andrews for Congress Committee
